Regional Bioagent Project: Ferry & Okanogan County RAC's Title II & Colville Reservation Request for Biological Agents

If you would like to be on a list to have biological agents released on your land, please fill out this form as completely as possible and return it to the WSU Ferry County Extension office. Potential areas for biological control agents should be free of vehicular traffic and insecticide use. The presence of livestock is fine. If a release is made on your property, we ask that representatives of the Regional Bioagent Project be allowed access to the site for approximately seven years for monitoring and collection purposes. Biological control agents provided at no charge to the landowner.

Name: _____ Phone:(H)_____ Phone:(C)_____ Phone:(W)_____

Address: _____ City: _____ Email: _____

Type of Weed: _____ # of Acres Infested: _____

Best day(s) and time to contact you: _____
